

Vauxhall
Angling Club

Sadly the River Great Ouse chose this week, the last week of the river season, to flood and it has proved nigh impossible to access our favourite swims. If you were able to find a place to fish to let us know.

On a more positive note Channel 4 have approached us offering a fortunate few the ultimate 'get away from it all' adventure on the Pacific Ocean. Check out the notes below to see if you qualify. It's not a timeshare and it's free if you qualify!

The web site is open for ordering of Spring Tickets so now would be good time to apply. Please remember we updated our records over the Christmas Holiday so, if you didn't take the opportunity to update your profile before then, simply follow the forum log in procedure making sure you follow your user profile to the very bottom and add in book number and post code.

If there is anything in particular that you would like to see included in this newsletter please drop a line to the Publicity Officer - publicityofficervauxhallac@gmail.com or direct through the Club Contacts page on the web site.

Sail the Pacific with Channel 4

Some of us saw the angling adventures of Robson Green and his crew of everyday anglers from the U.K.

Channel 4 have approached to ask if any of our members would be interested in a Pacific Survival Adventure. All you have to do is apply. Check out the advert, which includes the email address, on the tab below. We understand the closing date is the end of the month.

Pacific Adventure

Tingrith

The final match of the season was fished on the Manor Lake last week with less than usual attending. Only 14 fished as opposed to the usual 25 plus.

Those that didn't go missed out on a good day's fishing with the 14 weighing in over 490 lbs of fish!

Placings were as follows:

1st John Clennett	107 lbs
2nd George Kay	66 lbs 11 ozs
3rd Gary Page	48 lbs 1 oz
4th Pete Goode	39 lbs 5 ozs
5th Tex Marshall	37 lbs 2 ozs
6th Stuart Theobald	29 lbs 7 ozs

The Manor Lake will now take a well deserved break until the start of the new season in June!

River Great Ouse Radwell and Kempston

Right up to when it flooded the river was producing top quality fish With Rob Creswell finding yet another net full of fish.

Pictured below left is Rob with the 7 lb and 6 lb fish which were caught along with 2 other smaller Chub (3lb and 5lb) during a short morning on long trotted maggots with a loafer float using 4lb mainline and a size 18 hook.

Pictured below right, with possibly the largest chub caught from Kempston for many a season, is Rich Brown with a fish of 6 lbs 6 ozs which fell to cheese paste. This late evening fish added to Rob's tally for the day as he had already caught a fine 5 lbs 12 oz fish earlier in the afternoon!
